Campaigning for a Better Britain

Britain First is a well-organised patriotic political movement that can - and does - fight back effectively against the politically correct madness that has infested our society.

Britain First helps people to organise so their voices can be heard by the out-of-touch politicians who are often quick to ignore the people who elected them - people like you!

Britain First is a volunteer-led group that wants to empower the man and woman on the street and to ensure that British families are no longer treated like second class citizens. It's time that decent, law-abiding, hard-working Brits had their voices heard!

Isn't it time we took our country back? Take the first step by calling Britain First, today! Please ring 0208 914 8212 or visit www.britainfirst.org

The Forgotten British Victims of Racist Murders

www.britainfirst.org

British Victims of Racism =
SECOND CLASS CITIZENS

For nearly 20 years the murder of Stephen Lawrence has featured heavily on our television sets and in our newspapers.

This one crime – which happened two decades ago – has been elevated far and above other racist attacks, **the majority of which are against native British people, NOT ethnic minorities.** It is becoming more obvious that white British victims of racism **DO NOT COUNT - we are treated like second class citizens!**

When a racist attack (or murder) takes place against a member of an ethnic minority, it triggers a national political and media frenzy. When a native British person is subjected to a racist attack or murder **it is ignored, sidelined or treated with contempt by the media.**

Britain First is campaigning to end the double standards shown to British victims of racism...**BRITISH VICTIMS DESERVE RIGHTS TOO!**

The famous 'black power' salute picture of Stephen Lawrence.

Forgotten victims: Kriss Donald (top right) was brutally murdered by an ethnic gang, as was Charlene Downes (left) and Danny O'Shea (right).
